## GTCHS 2021-2022 Senior Project Parent Acknowledgement

As the parent/guardian of Kalib Coeiger (student name), I am aware that he/she will complete a Senior Project. I understand that my student has committed to doing a semester's worth of work on this project. This commitment cannot be broken after the submission and acceptance of the project proposal. I also understand that the Senior Project is a requirement for participation in graduation as based upon our school's charter.

In an effort to help my student transition successfully to adulthood, I acknowledge that it is my student's responsibility to advocate for him/herself and communicate with his/her teacher, and mentor. I understand that I will only intercede if a) there is an emergency, or b) the coach or committee contacts me.

I fully understand:

1. The intention of the Senior Project is to allow graduating seniors the opportunity to demonstrate their skills as independent learners through problem solving, organizing time and resources, communication effectively, and self-reflection.
2. Each student is responsible for **meeting all deadlines** associated with the class.
3. Each student will meet on a regular basis with a mentor.
4. Four or more monthly mentor evaluations are required.
5. Each student will complete individual conferences with the coach on a regular basis to discuss progress and develop goals for the project.
6. Each student will complete the three (3) required components
  - o Portfolio/Efolio to document the learning process
  - o Product that is representative of the learning
  - o Presentation to communicate learning
7. The grading policy and the weight of each component of the project.
8. To qualify for Distinguished, a student must have achieved an average of 98 or better for each component of the project.
9. Clear and honest communication with the coach during class and especially during conferences is critical.
10. Each student will conduct himself ethically while working on the Senior Project.

### **Additional requirements for those students completing an Internship:**

11. Complete a predetermined number of hours in an Internship related to their career choice.
  - o Intern twice a week
  - o Complete a minimum of 4 hours per week for a minimum of 40 total hours
  - o Provide a time log signed by the mentor as evidence of attending placement. **They will not be accepted late.**

- o The student is responsible for signing in and out of school in the appropriate notebook in the coordinator's room. The student must also clear attendance with Ms. Cady
12. Interns are responsible for all class activities. If you miss an instructional class while attending the placement, the intern is responsible (not another person) for checking with the coordinator to find out what needs to be made up.
  13. If for some reason the intern cannot go to the placement during school hours, the intern must be in the coach's room.
  14. Complete monthly mentor evaluations.

Date: 8/27/21
